

QUESTIONS TO ASK

Invitation to Interview

Agenda

Will I have the opportunity to meet with students? If so, could it be in a place other than a conference room (e.g., a quiet place close by)?

Can I meet with the person in charge of the tech support for the College / School of Education?

Do you have a law school? If so, can I get a tour of it? If not, where's the nearest law library / school?

Presentation

Which presentation - legal or quantitative? (why interested in me?)

Academic freedom for elementary and secondary teachers: Protecting teacher speech within the public school curriculum.

Class-based desegregation plans: Are they likely to improve student achievement?

Presentation needs - just an overhead (unless you want me to show off my tech skills by doing a spiffy PowerPoint presentation, in which case I need a room with a computer and a projector)

Travel Arrangements

How to make / pay for travel arrangements?

Can I get a copy of the agenda and list of search committee members before I arrive? (fax or e-mail as attachment)
